

Tracker PRO

Mobility and Stability

in all terrains for a more
Profitable, Safer Workplace

Maintenance **Tasks**

Process **Inspection**

Indoor **Outdoor**

Australian **Made**

StockMaster Tracker is an Auto-Safe and easy to use mobile, all terrain platform ladder.

StockMaster Tracker is a very versatile and easy to use mobile work platform. With two large diameter wheels it moves easily over sealed and unsealed surfaces or slopes making it ideal for indoor or outdoor use. Featuring a Tilt, Steer and Brake control it is fast and easy to move around. Take hold of the control, raise the unit to the mobile position and to move to the job. Release the control and Tracker automatically returns to the stationary mode where it is braked and totally stable.

One control does it all creating a much safer product.

With the Tilt, Steer and Brake control actuated, you are positioned away from the front of the ladder to allow a normal walking step. Tracker moves easily to the job in much less time than competing products and requires no set up when you get there. Tracker is easier and faster to move around and saves time on the job.

StockMaster TrackerPro features a Safety Rail system that can be adjusted to suit your job, providing improved ergonomics and easy access for maintenance, inspection, manufacturing processes and many other tasks, and with TrackerPro you are protected against accidentally stepping off the front of the platform. Featuring the unique and fully automatic StockMaster Auto-Gate TrackerPro frees your hands to carry an item and still maintain a safe grip as you leave or enter the workspace.
